

# MROCP

## Marine Radio Operator's Certificate of Proficiency

Under the *Radio Communications Act 1992*, the installation and operation of marine radio equipment aboard any Australian Vessel must be authorised by a licence.

The Marine Radio Operators course is a 2 day course aimed at a person wishing to have a basic working knowledge of a marine radio.

This course contains marine radio procedures, emergency frequencies, types of radios, maintenance and communication etiquette.

### ***Certification***

On successful completion of the course, students receive the Marine Radio Operators Certificate of Proficiency Licence from the Office of Maritime Communications (Australian Maritime College).

### ***Validity***

The MROCP licence certificate does not expire.

### ***When and where is the course run?***

The MROCP course is run upon request for a minimum of one student at AMI, located at 61 Quill Way, Henderson WA. Please contact reception if you would like to book a course.

### ***What will you need?***

- ✓ Lunch – there is a canteen within walking distance
- ✓ Enclosed footwear
- ✓ Passport photograph
- ✓ Writing materials (eg. pen, pencil) and paper
